The PFW 950 right-angled flat display wall mount features a wall mounting plate with a 72 cm arm and turn and tilt unit. NOT including interface FAU 3150 or FAU 3125. Suitable for displays up to 42".

Right-angled flat display wall mount PFW 950

The PFW 950 right-angled flat display wall mount is part of a modular system which enables you to create your own wall mounting solution for LCD/Plasma TV's up to 60 kg.

Just add the needed universal flat display interface (FAU 3150/3125), depending on the display.

The Autolock® locking system locks the interface onto the mount and prevents the display from falling of the turn and tilt unit when accidentally lifted. The optional lock PFA 9008 blocks the locking system, hence preventing theft.

This mount is especially applicable in hall ways or in corners, if the connecting wall is not suitable for mounting.

Features

- Autolock® locking system
- Specially designed for passageways, halls, lecture theatres etc.
- With stylish wall cover
